IMS Announces Cost Effective 0404 Size Attenuators to 3GHz

Portsmouth, Rhode Island, USA – International Manufacturing Services, Inc.

(IMS), a leading manufacturer and supplier of high quality thick film resistors, terminations, attenuators, planar dividers and planar filters to the electronics industry, announces the availability of its cost effective 0404 size thick film on alumina attenuators. The IMS2479 are available in -1 to -10dB attenuation values

in 1dB increments with attenuation accuracy starting at +/-0.3dB. Operating frequency for the IMS2479 is DC to 3GHz with a rated power of 40mW. These attenuators are especially suited, but are not limited to, RF and microwave applications. Visit our website for more information including quotes and samples!

Since 1974, IMS has been supplying the electronics manufacturing industries with highest quality thick and thin film chip resistors, terminations, attenuators and RF and Microwave components. For more information, visit www.ims-resistors.com, or contact the company at 50 Schoolhouse Lane, Portsmouth, RI, 02871 USA, Tel. 401-683-9700. Fax 401-683-5571, e-mail: sales@ims-resistors.com.
