IMS Launches New IAX Series Thick Film Attenuators

Portsmouth, Rhode Island, USA – International Manufacturing Services, Inc. (IMS), a leading manufacturer of thick film resistors, attenuators, terminations, planar dividers and planar filters,

announces the release of the new IAX Series surface mountable thick film attenuators. The IAX Series is especially suited for RF and microwave applications, and operates with favorable return loss to 18 GHz. The IAX Series includes case sizes

from 0805 to 2512 and power ratings to 4W. IAX Series' attenuation accuracy starts at +/-0.2dB, and standard attenuation values are 0dB to 70dB, including 0.5dB increments. Platinum Silver terminations are available in both Wraparound and Single Wrap to Groundpad styles for solder or epoxy attachment. Nominal impedance is 50 ohms. For more information about the the IAX Series attenuators, or for a quotation or samples, visit www.ims-resistors.com.

Since 1974, IMS has been supplying the electronics manufacturing industries with highest quality thick and thin film chip resistors, terminations, attenuators and RF components. For more information, visit www.ims-resistors.com, or contact the company at 50 Schoolhouse Lane, Portsmouth, RI, 02871 USA, Tel. 401-683-9700. Fax 401-683-5571, e-mail: sales@ims-resistors.com.
