## **IMS Thick Film Two Way SMT Rat Race Power Divider**

*Portsmouth, Rhode Island, USA* – International Manufacturing Services, Inc. (IMS), a leading manufacturer and supplier of high quality thick film chip resistors, terminations, attenuators and other RF components to the electronics industry, announces the availability of the Thick Film SMT 2-way Rat Race Power Divider with 180° outputs. The model IMD2417 operates at 10GHz with a 20% bandwidth with less than 0.5dB insertion loss.

Alumina construction and proprietary high conductivity films provide a compact low loss device, which exhibits a high level of unit-to-unit performance repeatability not found in multi-layer devices. The IMS Rat Race device is contained within a 0.322" X 0.354" package and it's input power rating is 20W with a 100 deg. C baseplate.

Since 1974, IMS has been supplying the electronics manufacturing industries with highest quality thick and thin film chip resistors, terminations, attenuators and RF components. For more information, visit [www.ims-resistors.com](http://www.ims-resistors.com), or contact the company at 50 Schoolhouse Lane,

Portsmouth, RI, 02871 USA, Tel. 401-683-9700. Fax 401-683-5571, e-mail: [sales@ims-resistors.com](mailto:sales@ims-resistors.com).
